**YAKKA + TA**

HARD WORKING + THANK YOU

# COMMITMENT & INNOVATION THAT ELEVATE EXPECTATIONS

---

Improving the industry and customer experiences powers everything we do. We engineer our mowers to not just meet but exceed expectations, delivering uncompromising quality backed by an industry-leading warranty that we stand behind. With Yakta, you're never left wondering; our dedication to unmatched service and support ensures that you can focus on what truly matters—your legacy.

---

## WE NEVER COMPROMISE ON WHAT MATTERS MOST TO YOU

Our mowers combine unrivaled durability and performance with efficiency that gets the job done right for you—the hard-working individuals who rely on this equipment every day. We build trust by actively listening to feedback, consistently delivering on our promises, and putting our full support behind our network of passionate dealers.

## WE REFUSE TO SETTLE FOR “GOOD ENOUGH”

Constantly pushing the boundaries, we embrace new technology, refine our designs, and seek out the most innovative solutions possible. We know that the best mower hasn't been invented yet, and we're determined to work hard every day to get closer to finding it.

---

## AT YAKTA, EXCEEDING EXPECTATIONS ISN'T JUST A GOAL—IT'S OUR STANDARD.

1988

**INNOVATION BUILT FOR  
THOSE WHO WORK HARD.**

Started on the Firth family farm in Tamworth, Australia, Yakta's legacy began with Arrowquip – making, selling, and servicing game-changing agricultural **equipment designed to keep work efficient.**

2003

**REVOLUTIONIZING NORTH  
AMERICAN EQUIPEMENT.**

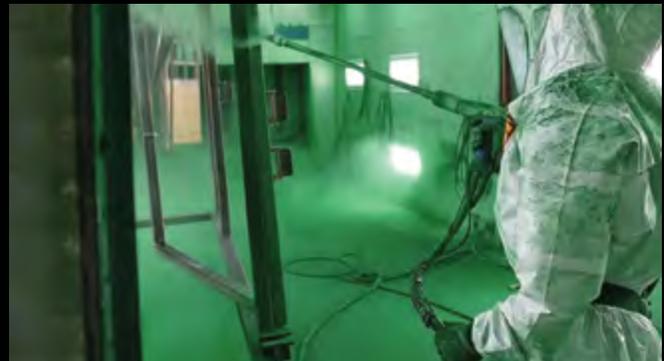

The Firths brought their **Aussie innovation and a new way of doing business** to North America, setting a new standard for the industry.

2017

**ELEVATING EXCELLENCE WITH  
STATE-OF-THE-ART MANUFACTURING.**

Staying focused on designing and building new products, Arrowquip moved into a **cutting-edge manufacturing facility** and office space.

2023

**YAKTA'S BOLD ARRIVAL LEAVES  
ITS MARK AT EQUIP EXPO.**

Debuting our first lineup at Equip Expo last year **silenced many skeptics.** Yakta introduced a versatile mower prototype and our first lineup of heavy-duty mowers **designed from feedback we received from dealers and operators.**

# A BOLD NEW DIRECTION POWERED BY LEGACY

---

For over three decades, we've crafted industry-leading solutions that minimize downtime and maximize your productivity.

NOW

**BUILDING ON THE MOMENTUM.**

We're **pushing boundaries and setting new standards** in outdoor power equipment.

2024

**REFINING THE INDUSTRY.  
ELEVATING EXPERIENCES.**

Yakta returned to Equip Expo with **refined designs** for our updated lineup of mowers and accessories.

INDUSTRY LEADING

---

UP TO

**5 YEARS**

OR

**2,000 HOURS**

---

So unlimited, it covers basically everything on your zero-turn mower. The only exceptions are:

**BATTERY | BLADES | TIRES**

\*To get full warranty coverage for your mower, including Hydro-Gear, Vanguard, and/or Kawasaki parts, you need to provide proof of regular maintenance as outlined by the Yakta operator's manual and manuals from component manufacturers.

WITHIN 24 HOURS**

# YOUR PARTNER FOR UNMATCHED SERVICE

---

## YAKTA DEALERS

You can trust that Yakta's knowledgeable and passionate dealers are always in your corner, ready to help you quickly get back to the task at hand.

**FIND YOUR LOCAL YAKTA DEALER**

Experience the Yakta difference with a dealer who is as committed to your success as we are.

**PUT YOU AT THE FRONT OF THE LINE**

Get peace of mind knowing you'll be at the front of the line to get your mower back fast when it needs servicing or repairs.

**YOUR FIRST LINE OF SUPPORT**

Our industry-leading warranty isn't just a promise—it's a partnership between Yakta and our dealers to ensure you get more uptime and a quick repair.

**YOUR BACKBONE FOR EFFICIENCY**

Yakta dealers deliver top-notch products and the unbeatable support that will keep you productive.

# HOW TO CHOOSE THE BEST ZERO-TURN MOWER FOR YOUR LAWN

Choosing the right zero-turn mower can save you time and effort. If you're a commercial cutter, that means more money coming into your business. If you're mowing at home, lawn care becomes easier and gives you more time to spend with your loved ones.

**Considering lawn size, maneuverability, power, maintenance, comfort, additional features, and warranty to find the best zero-turn mower for you.**

## LAWN SIZE

LAWN SIZE	IDEAL DECK SIZE
Less than 1 acre	34" - 48"
1 - 3 acres	48" - 54"
3 - 5 acres	54" - 61"
More than 5 acres	61" - 72"

## WARRANTY

A lot of manufacturers have limited warranties. Not at Yakta though, ours is simple:

You're covered for up to 5 years or 2,000 hours.

Everything is included except the battery, blades, and tires.

## COMFORT & ADDITIONAL FEATURES

These features may not improve performance, but they enhance your overall mowing experience.

- | Suspension seats
- | USB chargers
- | Padded handles
- | Cupholders
- | Adjustable controls
- | Covered storage

**DURABILITY** Get a mower with parts that will stand the test of time, look for features such as:

A reinforcement plate, bullnose front end, and bumper on the deck that adds protection.

Frames that provide maximum support and resist warping, like the I-beam style.

Soft start clutch to reduce stress on the mower's engine, belt, and components.

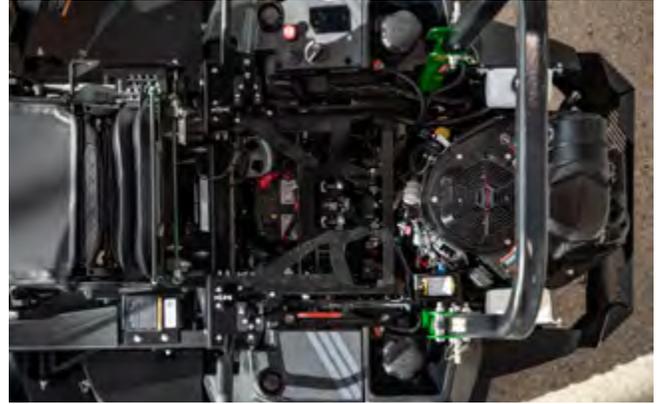

Strong spindle housing and sealed spindles for smooth operation without constant greasing or debris issues.

1/2" caster forks so you can take on tough terrain. FOUND ON — **YXR920** **YXR720**.

**MAINTENANCE LEVEL** Look for easy-to-maintain features so you can enjoy your time more, such as:

Tool-free oil changes.

Easy access to engine, deck, and transaxles.

No grease points.

Tool-free tensioner arm to change belts.

FOUND ON — **YXR920** **YXR720** **YXR610**

## TIGHT SPACES

Mowers with a smaller deck can maneuver around tight spaces and obstacles better than ones with big decks.

## FUEL CAPACITY

Don't get stuck or waste time having to stop to refuel. For a larger yard and longer days, a greater fuel capacity will keep you mowing efficiently.

## POWER

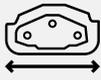

The larger the engine, the more power your lawn mower has and the faster you can generally cut your lawn.

More power also means better performance in tough terrain and thicker grass.

# YAKTA 2025 LINEUP

48" | 54" | 61"

UP TO 9 MPH

24 HP

8 GALLON

## SEALED SPINDLES

---

Save time on maintenance and always have the right amount of high-quality grease so you can spend more time mowing and less time in the garage adding grease.

Keep out dust, dirt, and debris to reduce damage and maintain smooth performance. Less frequent and easier maintenance increases the longevity of the mower.

# FEATURES YOU CAN COUNT ON, BUILT INTO EVERY YAKTA MOWER

---

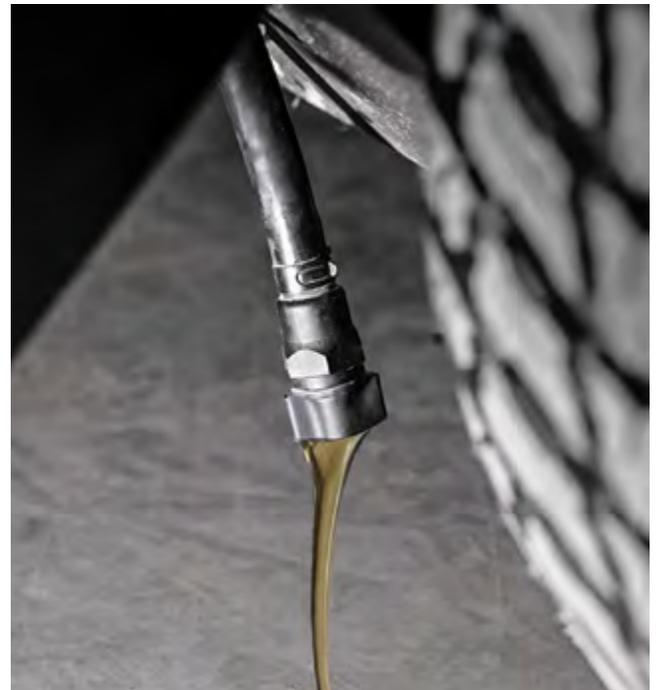

Every Yakta mower is built with the same core features that ensure durability, comfort, and efficiency. No matter which unit you choose, you can count on these essentials to deliver reliability and performance every time.

---

## WEATHERPROOF ELECTRICAL HARNESS

Work confidently in tough environments knowing your mower's electrical system is fully protected.

---

## OIL DRAIN HOSE

Mess-free, tool-free oil changes without having to jack up or lift your mower.

---

### EASY ACCESS TO PARTS UNDER THE FLOOR PAN

Keep your mower running smoothly without delay. Troubleshoot or make adjustments quickly thanks to convenient access to key components beneath the floor pan like the deck and linkages.

---

### QUICK ACCESS BENEATH THE SEAT

Lift the seat to access essential parts of your mower, allowing for quick fixes and routine checks of the battery and transmission oil, so you can get back to work faster.

## **STRONG CASTER FORKS & ARMS**

Built to take on challenging terrain, for reliable performance season after season.

Focus on the task at hand without worrying about rugged terrain or running over objects.

## **SOFT START CLUTCH**

---

Engage your belt more smoothly – no more screeching, squealing or jolting from a hard start.

Reduce wear and tear for longer-lasting belt life.

Extend the life of critical components by easing the force on parts.

## **GREAT TRACTION ON HILLS**

---

### **DRIVE TIRES & WEIGHT DISTRIBUTION**

This machine knows how to hold a hill. Thanks to an aggressive tread that won't tear up your lawn and low center of gravity, you can tackle hills up to 17°.

---

### **DECK LOCKOUT SYSTEM**

Easily change the deck height: adjust, lift, lock, and lower.

---

### **TIE-DOWN POINTS**

Securely transport your mower without worrying using the two tie-down points in the front and two in the back, letting you keep your mower safe while on the move between jobs or service calls.

# UNIQUE ADVANTAGES THAT SET YAKTA'S MOWERS APART

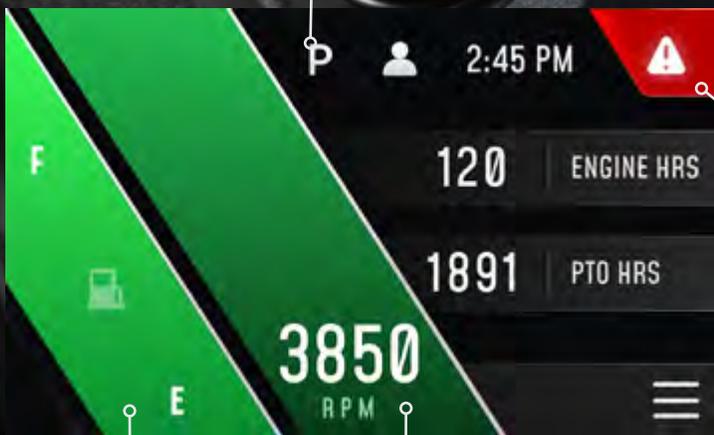

---

Each Yakta mower is packed with features designed to make your lawn care easier and more efficient. While these standout features aren't on every model, they're all built with you in mind to enhance your experience every time you mow.

# TOUCHSCREEN DIGITAL DISPLAY

No more mystery check engine light: error codes on the weatherproof Digital Display let you know the exact issue and whether you can keep going.

FOUND ON — **YXR920** **YXR720**

PARKING BRAKE  
INDICATOR

ERROR CODES

FUEL GAUGE

TACHOMETER (RPMs)

## THROUGH THE DISPLAY, YOU CAN:

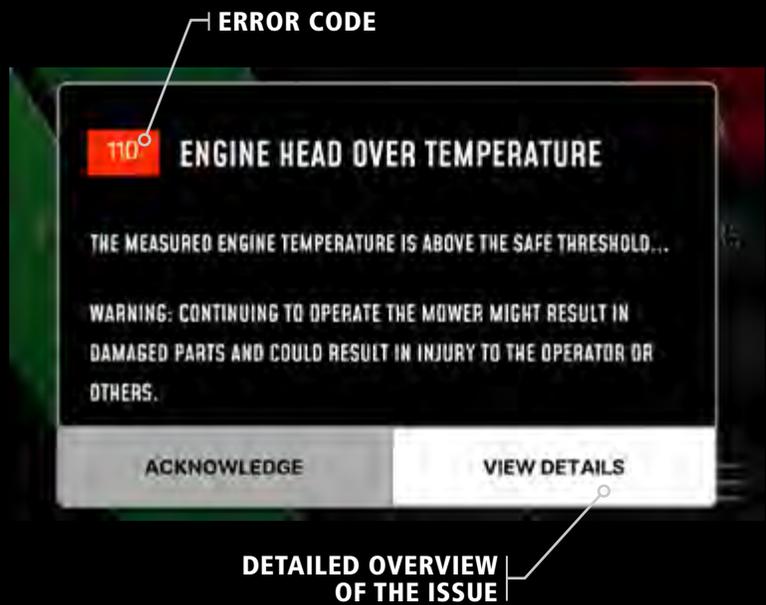

Reset maintenance interval alerts, set the time, & clear diagnostic codes

View diagnostics, general settings, & vehicle health

## NO NEED TO DECODE ANYTHING

You get a full error message with instructions displayed on the screen if something happens to the engine

DETAILED OVERVIEW OF THE ISSUE

## WEATHERPROOF SO IT CAN WITHSTAND THE ELEMENTS YOU PUT IT THROUGH

No need to worry about the display malfunctioning. The mower is still fully functional if anything happens to the Digital Display

# YXR920

## GET ULTIMATE COMFORT WITH UP TO 8" TRAVEL

# GET COMFORTABLE

When you're spending hours on your mower or mowing over rough terrain, comfort is a necessity. Yakta's premium seats are designed to reduce strain, so you can hop off your mower without feeling sore or tired. Because when the job's done, **you deserve to enjoy your time off just as much as the work you put in.**

# CUT WITH CONFIDENCE

## YAKTA'S MOWER DECK

All Yakta decks are designed to be durable, make maintenance easier, and give you a phenomenal cut quality on all types of grass. Whether you're navigating rough patches or maintaining pristine a lawn, **Yakta's decks make every pass smooth and precise.** Built to withstand the elements and reduce maintenance hassles, these decks ensure you can focus on getting the job done right, without worrying about wear or breakdowns.

- | 7-gauge steel mower deck with 7-gauge reinforcement plate.
- | 7-gauge baffles provide extra strength so you can effortlessly tackle tough terrain.

### LONGER BELT LIFE

Get more power, less wear, and a longer belt life thanks to the optimal placement of the idler pulley. By ensuring maximum contact between the belt and deck pulleys, we've designed a system that maximizes efficiency and reduces slippage.

### REINFORCEMENT PLATE ON THE DECK

Withstand harsh conditions with an extra layer of durability protecting the quality of your cut.

### SPINDLE ASSEMBLY

Strong steel housing with three sealed bearings so you don't have to slow down your productivity by changing grease.

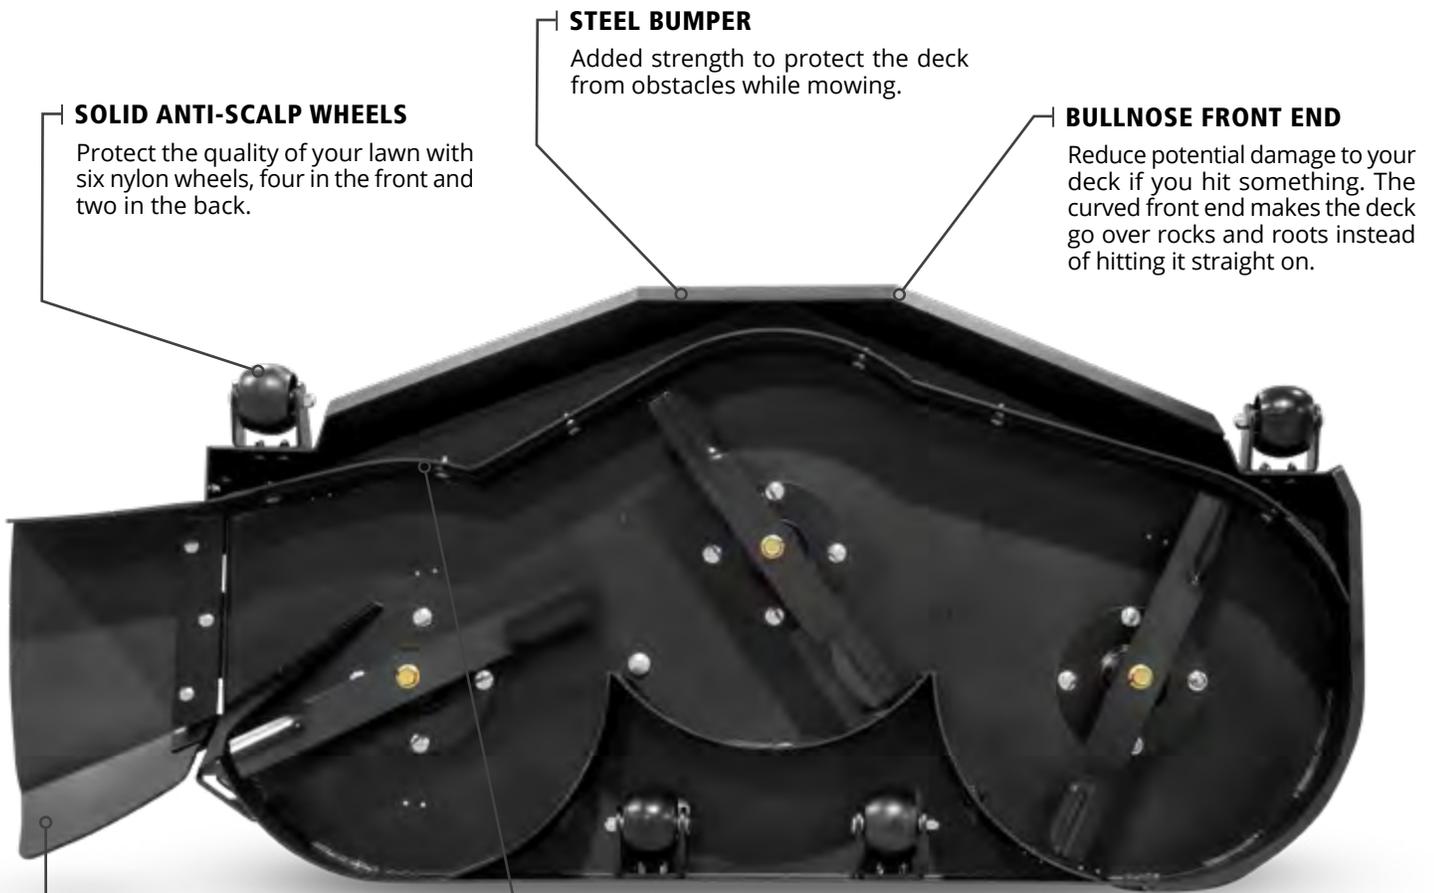

## GREATER DURABILITY WITH **YXR920** — **YXR720** — **YXR610**

Yakta's strongest mower decks are ready to tackle any lawn care challenge you put it through.

Step anywhere on the deck to get into the mower, every spot on the mower deck is built strong.

Snap on and off pulley covers make removing them easy.

Adjustable 7-gauge baffles on the front let you change the vacuum to match the conditions you face.

**SOLID ANTI-SCALP WHEELS**  
Protect the quality of your lawn with six nylon wheels, four in the front and two in the back.

**STEEL BUMPER**  
Added strength to protect the deck from obstacles while mowing.

**BULLNOSE FRONT END**  
Reduce potential damage to your deck if you hit something. The curved front end makes the deck go over rocks and roots instead of hitting it straight on.

**RUBBER DISCHARGE CHUTE**  
Flexible enough to not cause damage to the mower deck or anything it runs into.

**BAFFLE DESIGN**  
The baffles are made from thick steel and positioned to minimize grass clumping and maximize cut quality.

DECK SIZE	BLADE LENGTH
48"	17"
54"	18.5"
61"	21"
72"	25"

18,000 FT/MIN BLADE TIP SPEED

**UPGRADE YOUR LAWN CARE  
TRANSFORM ANY MOWER DECK  
INTO A MULCHING POWERHOUSE  
WITH YAKTA'S MULCH KIT.**

Increase the airflow under your deck for a clean cut and greater clipping discharge

SEE PAGE 63 FOR MORE DETAILS.

# FRAME DESIGNS THAT DELIVER DURABILITY

The steel frame is the foundation of any Yakta mower's durability, reliability, and heavy-duty performance.

A close-up, low-angle shot of a black Yakta zero-turn mower. The focus is on the heavy-duty steel frame and the front suspension system, including a large front wheel and a smaller front roller. The brand name "YAKTA" is printed in white on the side of the frame. The mower is positioned on a lush green lawn, with a blurred background of trees and a clear sky.

**YAKTA**

## C-CHANNEL

---

Shaped like a “C,” these frames provide a **clean and streamlined** look that hides linkages, while **easily handling the stress and load** of mowing.

---

FRAME RAILS — **YXR920** **YXR720** **YXR610**

## I-BEAM

---

Designed for **industrial-grade** applications, the “I” shape supports heavy loads and resists bending, providing strength for **heavy-duty mowers**.

---

CASTER ARMS — **YXR920** **YXR720** **YXR610**

## TUBE

---

Formed from a single sheet of steel welded into a box-like structure, these frames give **you a good balance of strength, durability, and versatility**.

---

ENTIRE FRAME — **YXR320** **YXR120**

# YXR920

**A BEAST OF A MOWER: ALWAYS READY TO TACKLE ANY TASK WITH EASE.**

---

Ultimate durability, efficiency, and versatility to power through your tasks and effortlessly conquer your lawn care challenges. Get uninterrupted strength and enduring comfort from the I-beam caster arm, large tires, plus a suspension seat and platform that together give you up to 8" travel. With the robust Push Bar to streamline your day, you can quickly clear obstacles like picnic tables and bins.

SEE NEXT SPREAD FOR DETAILED INFORMATION >>>

# YXR920 FEATURES

Every Yakta mower is packed with features designed for durability and efficiency. These are only a few highlights. Explore [pages 20-41](#) to discover everything this machine offers.

## 1 EXTREME COMFORT

A comfortable ride reduces strain on the body and keeps you feeling good during and after mowing. Stay comfortable, no matter the terrain with up to 8" combined travel from a full suspension platform & reclining suspension seat, plus extra customizable comfort from armrests & lumbar support.

## 2 RELIABLE DRIVE WHEN IT MATTERS MOST

Ultimate performance that keeps up with your demands with Hydro-Gear's largest ZT-5400 transaxles and a hydraulic oil cooler designed to enhance reliability and extend your system's life.

## 3 LONG-LASTING FUEL SUPPLY

Keep mowing until you want to stop with 16-gallon capacity.

## 4 FACE CHALLENGES & TOUGH TERRAIN CHANGES WITHOUT BACKING DOWN

Less downtime and more consistent performance from tough I-beam caster arms made from 3/16" steel on the top and bottom with 3/8" middle, plus 1/2" caster forks, and 13" front tires.

## 5 PUSH BAR

Effortlessly push obstacles like picnic tables, trampolines, & bins out of the way.

## 6 BUILT-TO-LAST DECK STRENGTH

Constructed from high-quality 7-gauge steel with 7-gauge reinforcement plate, our fabricated mower decks are designed to hold up against tough terrain for a long life with less warping and wear.

<b>DECK SIZE</b>	54"   61"   72"	
<b>ENGINE</b>	<b>MODEL</b>	<b>HP</b>
	Kawasaki FT730V	24
<b>FUEL CAPACITY</b>	8 Gallons	
<b>DRIVE SYSTEM</b>	Hydro-Gear ZT-3800	
<b>SPEED UP TO</b>	10 mph	
<b>COMFORT</b>	3" Suspension Seat	
<b>DECK STYLE</b>	Fabricated	
<b>DECK CONSTRUCTION</b>	Reinforced 7 Gauge	
<b>PARKING BRAKE</b>	Auto-Park Brake Integrated in Drive Arms	
<b>DRIVE TIRES</b>	24" x 9.5" (48") 24" x 12" (54" & 61")	
<b>WARRANTY</b>	5 Years / 2,000 Hours	

**Transform your routine yard maintenance** into a more enjoyable experience with the ease, durability, and comfort it provides.

The YXR 610 enhances your ability to efficiently maintain your property – or other properties – offering consistent quality and results.

### WHO THE YXR 610 IS FOR:

Operators, with roughly 4-10 acres, who take pride in working hard to maintain their property.

Those that want a smaller deck size or don't want all the extra features of the YXR 720.

### YOU'RE LOOKING FOR:

- | Reliability
- | Unmatched support
- | Efficiency
- | High-quality construction

**7 BATTERY DISCONNECT KEY**  
Secure your mower in storage and stay safe carrying out maintenance tasks.

**8 TOOL-FREE TENSIONER ARM FOR CHANGING THE DECK BELT**  
Dedication needs the right tools for the right job, but changing the deck belt tool-free is even better.

**9 LONGER BELT LIFE FROM IDLER PULLEY PLACEMENT ON THE DECK**  
Designed for maximum contact between the belt and deck pulleys, our idler pulley placement maximizes power, minimizes wear, and extends belt life.

# YXR320

## A RELIABLE MOWER: POWERING YOUR EFFICIENCY & PRECISION.

---

Embrace the strength and dependability of a mower designed for the relentless. Powered by commercial-grade strength, you get the cut you need to tackle expansive landscapes with ease. Simplify your lawn care routine without missing out on performance.

SEE NEXT SPREAD FOR DETAILED INFORMATION >>>

# YXR320 FEATURES

Every Yakta mower is packed with features designed for durability and efficiency. These are only a few highlights. Explore [pages 20-41](#) to discover everything this machine offers.

## 1 VERSATILITY TO GET MORE DONE

Make your lawn care easier and more efficient with a hitch plate that comes standard. Tow up to 500 lbs.

## 2 LONGER BELT LIFE FROM IDLER PULLEY PLACEMENT ON THE DECK

Designed for maximum contact between the belt and deck pulleys, our idler pulley placement maximizes power, minimizes wear, and extends belt life.

## 3 POWER YOUR MOWER WITH RELIABLE ENGINES

Precision and strength that power the perfect cut from a 27 HP Kawasaki or 26 HP Vanguard engine.

## 4 STAY AGILE

Conquer challenging slopes and terrain with superior traction and ultimate control.

## 5 HASSLE-FREE MAINTENANCE

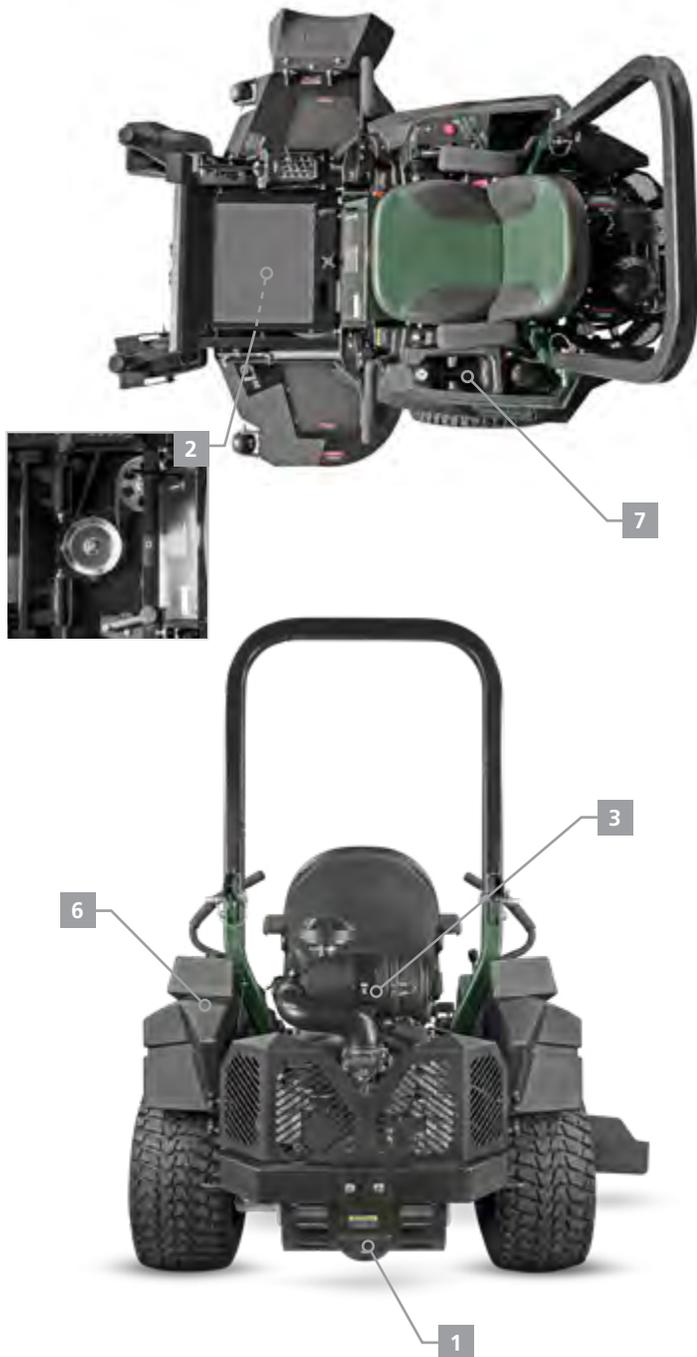

Enjoy your lawn without having to grease the spindles in your machine.

## 6 LESS FILLING UP, MORE TIME MOWING

For uninterrupted performance, mow until you're ready to stop.

## 7 OPEN CUP HOLDER & STORAGE

Enjoy mowing while keeping your drink nearby and stuff on hand.

Upgrade your comfort for a smoother ride, from premium fixed to suspension seat.

## YAKTA BAGGER

### KEEP YOUR YARD CLEAN, WITHOUT THE HASSLE

Maximize airflow & boost blower performance with the 6" hose & fabric hood, preventing clogging & keeping your operation smooth.

Get back to clearing the lawn with quick release bags for effortless emptying, so you can mow more efficiently.

The Right Bagger for Your Yakta Mower: Triple Bag System or a Double Bag System (12 or 8 Bushels).

### UNOBSTRUCTED VIEW, ENHANCED MANEUVERABILITY

Low-profile design lets you see behind you clearly, allowing you to navigate with confidence and ease, even in tight spaces.

TRIPLE BAGGER — **YXR920** **YXR720**

DOUBLE BAGGER — **YXR320**

ENHANCE YOUR MOWING EXPERIENCE

**THE RIGHT  
ACCESSORIES  
FOR YOUR CUT**

# YAKTA MULCH KIT

## ELEVATE YOUR LAWN CARE

Quick and easy installation: bolt-on baffles that integrate into the mower's existing baffles and take place of the adjustable baffles.

Engineered to finely chop grass clippings and boost your lawn's health with three shredding blades and three baffles.

AVAILABLE FOR ALL MOWERS & DECK SIZES.

## HIGH-LIFT BLADES

### MAXIMIZE AIRFLOW FOR AN OPTIMAL CUT

Get a clean cut with high-lift blades, creating powerful suction to lift grass up and efficiently discharge clippings from the deck.

AVAILABLE FOR ALL MOWERS & DECK SIZES.

## TWEEL TIRES

### NO WORRIES ON ROUGH TERRAIN

Say goodbye to drive tire maintenance and downtimes. Swap them out for Tweel Turf tires to enjoy high performance with unmatched peace of mind.

Get a smoother, more comfortable ride no matter where you mow from tire spokes engineered to absorb bounce on rough terrain.

26" DRIVE TIRES — **YXR920**
