YXR 410 OVERALL

The YXR 410 is very similar to the YXR 610, but it is for those who don't want the extreme comfort or large tires of the YXR 610.

When speaking to potential buyers, emphasize that the YXR 410 gives users peace of mind with its durable construction, easy maintenance, and unbeatable customer support. This mower enhances the user's ability to maintain their property—or other properties—without headaches. With the YXR 410, lawn upkeep is easy to achieve and more enjoyable.

WHO THE YXR 410 IS FOR

- Homeowners with roughly 2-7 acres, who work hard for their family and are dedicated to maintaining their property.
- Smaller-scale commercial users.

WARRANTY

- 5 years or 2,000 hours for both residential & commercial use

THE AUDIENCE IS LOOKING FOR:

- | Reliability
- | High-quality construction
- | Efficiency
- | Unmatched support

ALL YAKTA MOWERS

FEATURES	BENEFITS
Easy maintenance <ul style="list-style-type: none"> • No grease points • Easy access to parts under the floor pan and seat • Tensioner arm for changing the deck belt 	<ul style="list-style-type: none"> • Saves time so users finish maintenance tasks quicker • Less frequent and easier maintenance increases the longevity of the mower
Longer belt life from <ul style="list-style-type: none"> • Idler pulley placement on the deck 	<ul style="list-style-type: none"> • Less belt wear and tear means users won't have to stop as much in the middle of mowing to change a belt
Exceptional customer support & warranty	<ul style="list-style-type: none"> • Users can be confident in the quality of their mower and know they will be taken care when something happens

YXR410

FEATURES	BENEFITS
Durable construction <ul style="list-style-type: none"> • 3/8" caster forks • 3/16" I-beam caster arm • Step-anywhere, 7-gauge deck reinforced with a 7-gauge plate 	<ul style="list-style-type: none"> • Working with the user to easily handle the toughest challenges • Users can focus on the task at hand without worrying about rugged terrain or running over objects
Powerful engines <ul style="list-style-type: none"> • Carbureted engine • 23 HP or 25 HP options • Choice of engine brand: Kawasaki or Briggs & Stratton 	<ul style="list-style-type: none"> • Power without the electronic parts of an EFI engine. Grease monkeys can fix it themselves • If customers prefer either engine manufacturer, they can remain loyal
Suspension Seat with up to 1.5" Travel	<ul style="list-style-type: none"> • Still provides a lot of comfort to the user to keep them feeling good during and after mowing
Hitch plate	<ul style="list-style-type: none"> • Though less versatile than the hitch receiver, users can do more work with one machine and be more efficient

WHY CHOOSE YAKTA?

- Reliable performance
- Easy maintenance
- Long-lasting durability
- Comfort
- Style
- Good cut quality
- Quick delivery of parts & warranty service
- Warranty coverage & support
 - Industry-leading: Up to 5 years or 2,000 hours that covers everything except batteries, blades, and tires.
 - Covers engine and transaxles for longer than Kawasaki, Briggs & Stratton, and Hydro-Gear.
