STANDARD ROCK + BRUSH GRAPPLE

62" 68" + 74"

- » 32" Grapple opening
- » 1/4" tines, 3" spacing
- » Independent grapples
- » Bolt-on removable side plates
- » Light weight for tractors to smaller skid loaders
- » All grade 50 steel

HEAVY-DUTY ROCK + BRUSH GRAPPLE

62" 68" 74" 78" + 84"

- » 39" Grapple opening
- » 3/8" tines, 3" spacing
- » Bolt-on removable side plates
- » Independent grapples
- » All grade 50 steel

COMMERCIAL ROCK + BRUSH GRAPPLE

68" 74" 78" + 84"

- » 39" Grapple opening
- » 3/8" tines, 3" spacing
- » Grapple stops
- » Visibility cutouts
- » Bolt-on removable side plates
- » Reinforced outside tines
- » All grade 50 steel

ROOT GRAPPLE

68" 76" + 83"

- » 39" Grapple opening
- » 1/2" Grade 50 tines with spacing 6,3"
- » Grapple stops
- » Visibility cutouts
- » Independent grapples
- » All grade 50 steel

HD CLAM GRAPPLE

60" 68" + 74"

- » 51" Grapple Opening
- » 1/2" Grade 50 Tines
- » 3/8 grade 50 grapple
- » Grapple Stops
- » Replaceable teeth

HD DUAL CLAM GRAPPLE

68"+74"

- » 51" Grapple Opening
- » 1/2" Grade 50 Tines
- » 3/8 grade 50 dual grapples
- » Independent Grapples
- » Grapple Stops
- » Replaceable teeth

CLAM GRAPPLE

66" 74" + 86"

- » Massive 51" opening
- » 3/4" tines with replaceable digging teeth
- » Grapple stops
- » Single grapple
- » All grade 50 steel

DUAL CLAM GRAPPLE

66" 74" + 86"

- » Massive 51" opening
- » 3/4" tines with replaceable digging teeth
- » Grapple stops
- » Independent grapples
- » All grade 50 steel

ROCK + STUMP RIPPER

- » 1" Grade 50 tines (triple gusset design)
- » Recessed middle tine

ROCK + STUMP RIPPER GRAPPLE

- » 45" Grapple opening
- » 1" Grade 50 tines (triple gusset design)
- » 3/4" cutting edge gusset support for root extraction
- » Grapple stops

STUMP BUCKET

- » Massive 63" length for longer digs
- » Replaceable digging/excavator performance teeth
- » 2 full-length wear strips on the bottom of bucket
- » All grade 50 steel

STUMP BUCKET + GRAPPLE

- » Massive 53" grapple opening
- » Grapple stops
- » Replaceable digging/excavator performance teeth
- » 2 full-length wear strips on the bottom of bucket
- » All grade 50 steel

SOIL CONDITIONER

72" + 84"

- » 10" rotating drum w/ welded carbide teeth
- » Bidirectional motor
- » Angles 25 degrees both directions
- » Manual option available
- » Floating quick attach plate

TILLER

72" + 84"

- » Four swing-away blades per spindle
- » Bi-directional motor / Bi-directional tine rotation
- » Standard hydraulic flow (15-25 gallons per minute)
- » Adjustable 6" tilling depth

BACKHOE

6-1/2' + 8-1/2'
w/ 12" bucket

- » 1" Grade 50 steel gussets on pivot points
- » 6½" or 8½" Digging depth
- » 12", 18", and 24" wide bucket options with
- » replaceable digging teeth
- » Mechanical thumb option available
- » Recessed cylinder protection

LAND LEVELER

72" 78" + 84"

- » Use for back dragging, grading or sod peeling
- » Level and grade landscape
- » Multi-directional tool with cutting edge on front + back

CONCRETE HOPPER

- » 3/4 yard capacity
- » Pin-on extension
- » Hydraulic chute

CONCRETE CLAW

- » 7-1/2" Claw Opening
- » 3/4" Grade 50 Sides
- » Replaceable teeth
- » 3/4" Cutting Edge

TELESCOPIC BOOM

- » Operating weight: 485 lbs
- » Length fully extended: 22.73 ft
- » Rated fully extended: 350 lbs (horizontal)

PICK UP BROOM

72" + 84"

- » 1/4" Grade 50 Bucket
- » 26" Poly bristles
- » 1/2" Bolt on reversable cutting edge
- » Adjustable height for bristle longevity

AUGER

DRIVE

- » 2" hex drive unit
- » Self-centering frame
- » Planetary drive

AUGER BITS

9"
12"
15"
18"
24"
30"

CYCLOPS SOLO GRAPPLE

48" + 54"

- » 39" Grapple opening
- » 3/8" tines, 3" spacing
- » Bolt-on removable side plates
- » Greasable pivot points
- » 1/2" serrated cutting edge
- » All grade 50 steel

FORESTRY GRAPPLE

76" + 84"

- » Massive 52 1/2" grapple opening
- » 3/4" hardened tines with 12" tine spacing
- » Independent grapples
- » All grade 50 steel

DIRT BUCKET GRAPPLE

68" 72" 78" + 84"

- » 34" grapple opening
- » 1/4" Grade 50 bucket material
- » 1/2" bolt-on reversible cutting edge
- » Bolt-on side plates
- » Independent grapples
- » Optional bolt-on cutting edge

4-IN-1 BUCKET

72" 78" + 84"

- » 3/4" bolt-on reversible cutting edge
- » Reinforced bucket and sides
- » Optional bolt-on reversible bucket cutting edge
- » Perfect for grappeling, dumping, leveling & dozing

SUPER DUTY LOW-PROFILE DIRT BUCKET

62" 68" 72" 78" + 84"

- » 22" high + 32" deep
- » 3/16" or 1/4" bucket material available
- » 3/4" fully welded on cutting edge
- » Optional bolt-on reversible cutting edge

SUPER DUTY TOOTH BUCKET

68" 72" 78" + 84"

- » 1/4" Grade 50 bucket material
- » 3/4" fully welded-on cutting edge
- » Replaceable digging teeth
- » All Grade 50 steel

ROCK BUCKET

62" 68" 74" 78" + 84"

- » 3/8" tines, 3" spacing
- » 1/2" serrated cutting edge
- » Bolt-on removable side plates
- » All grade 50 steel

PALLET FORKS

4'x4'

4'x5'

5'x4' + 5'x5'

- » Professionally milled 1 ¼" x 3" slider bars
- » 5,500 lb rated forks
- » Walk-through carriage

PALLET FORK GRAPPLE

4'x4'

- » 58 ¾-inch Grapple Opening
- » Professionally billeted 1 ¼ x 3 slide bar
- » All pivot points are greaseable
- » 5,500 lb rated

HYDRAULIC SLIDING PALLET FORKS

4'x4'

4'x5'

5'x4' + 5'x5'

- » Smooth 1 ¼" x 3" slider bar
- » Hydraulic adjustable forks
- » 5,500 lb rated forks
- » Walk-through carriage

LOG SPLITTER

Single Wedge + 4-Way

- » 5" Cylinder 30 Ton
- » 30" Stroke
- » Features 5/8" I-Beam

HIGH CAPACITY GRAPPLE

7' + 8'

- » 73" grapple opening
- » 5/16" thick steel side plates
- » 3/4" bolt-on reversible cutting edge
- » Additional teeth available

2 PRONG BALE SPEAR

- » (2) 49" spears
- » Used for square and round bales

3 PRONG BALE SPEAR

- » (2) 17" stabilizer spears
- » (1) 49" spear
- » Specialized for round bales

4 PRONG BALE SPEAR

- » (4) 39" spears
- » Used for square and round bales

POWER SWEEPER

6' + 7'

- » 32" stainless or poly bristles
- » Standard flow up to 15-25 gpm
- » Hydraulic angle

LOW PROFILE SNOW PRO

7' + 8'

- » Height 26" + depth 52"
- » 3/4" x 6" bolt-on reversible cutting edge
- » Internal gusset for support

SNOW PUSHER

7' 8' + 10'

- » 3/4" Grade 50 shoes
- » 1/2" adjustable + reversible steel cutting edge
- » Optional back drag

SNOW BLADE

6' 7' + 8'

- » 3/4" bolt-on reversible cutting edge
- » 30 degree angle hydraulic pivot
- » Easily adjustable skid shoe for depth control

SNOW BUCKET

7' 8' 9' + 10'

- » 36" high and 42" deep
- » 3/4" bolt-on reversible cutting edge
- » High volume bucket capacity
- » Visibility cutouts

SNOW BLOWER

72" 78" + 84"

- » 1/2" bolt-on reversible cutting edge
- » 2-stage blower
- » All hydraulic-driven motors
- » Angled paddles
- » Adjustable shoes
- » High flow available

WE FINANCE

Prime Attachments has partnered with Synchrony Bank to provide your business with industry-leading construction equipment for a low monthly payment. Financing is quick and easy, getting you the equipment you need at an affordable monthly payment.

Get an instant approval today with no hard credit pull and no documents needed.

Every purchase comes with a two-year manufacturer warranty.
