### YXR 710 OVERALL

When speaking to potential buyers, emphasize the YXR 710's premium performance and how it turns a necessity into a pleasure. Highlight how the mower is designed to not only meet but exceeds expectations, whether it's the ease of maintenance, the comfort of the ride, or the power and efficiency it brings to landscaping tasks. Stress the dedication to quality and reliability that Yakta embodies, mirroring the hard work and commitment of our customers.

### WHO THE YXR 710 IS FOR

- Homeowners, with roughly 5-15 acres, who take pride in maintaining their property.
- Commercial users looking for top-quality strength and performance.

### WARRANTY

- Residential use covered for 5 years or 2,000 hours
- Commercial use for 2 years or unlimited hours

#### THE AUDIENCE IS LOOKING FOR:

- Reliability
- Top-quality construction
- Efficiency
- Unbeatable support
- Premium Features, such as:
  - Extra comfort
  - Power
  - Fuel capacity
  - Speed

#### ALL YAKTA MOWERS

##### FEATURES

##### BENEFITS

##### Easy maintenance

- No grease points
- Easy access to parts under the floor pan and seat
- Tensioner arm for changing the deck belt
- Saves time so users finish maintenance tasks quicker
- Less frequent and easier maintenance increases the longevity of the mower

##### Longer belt life from

- Idle pulley placement on the deck
- Less belt wear and tear means users won't have to stop as much in the middle of mowing to change a belt

##### Exceptional customer support & warranty

- Users can be confident in the quality of their mower and know they will be taken care of when something happens

### YXR710

##### FEATURES

##### BENEFITS

##### Touchscreen digital display

- Maintenance alerts
- Full error messages and instructions if something happens to the engine
- Digital fuel gauge

- None of the guess work of a check engine light
- Clear, real-time instructions that minimize downtime

##### Durable construction:

- 1/2" caster forks, matching the thickest in the industry
- I-beam caster arm with 3/8" middle, 3/16" top & bottom
- Step-anywhere, 7-gauge deck reinforced with a 7-gauge plate
- Working with the user to easily handle the toughest challenges
- Users can focus on the task at hand without worrying about rugged terrain or running over objects

##### Powerful engine:

- EVO EFI Kawasaki
- 30.5 HP

- Greater fuel efficiency from EVO EFI engines lets users mow more without filling up

##### Suspension seat:

- Up to 3" travel
- Adjustable recline and lumbar support

- A comfortable ride reduces strain on the body and keeps users feeling good during and after mowing

##### Covered storage with:

- Cup holder
- USB-A and USB-C charging

- Convenient storage that protects the user's phone or other devices, giving them the ability to charge devices on the go
- Protects drinks from grass clippings for a more enjoyable mowing experience

##### 2" hitch receiver

- Users can tow equipment or small trailers (up to 600 lbs.) to get more done in less time

##### More traction from:

- Large 24" drive tires
- More even weight distribution

- More control on slopes and a better ride to tackle tough terrain
